

TF 08-02: National Approval Certification Program for WMA Technology

- Goal: To find a method to certify WMA processes / materials “fit for purpose.”
- UK Model: TRL and BRE and HAPAS
- NTPEP: National Transportation Product Evaluation Program (May 2009)
 - Run by AASHTO (American Association of State Highway and Transportation Organizations)
 - Less than enthusiastic response
 - Not paving-centric people
- Subcommittee on Materials (SOM) (August 2009)
 - Enthusiastic reception
- Next steps:
 - NTPEP Executive Committee meeting Jan 8, 2010
 - SOM?
 - NCAT?
